Israel launches nearly 1,000 no-cost gasoline in bid to attract first-time drivers

1 Min Read JERUSALEM (Reuters) - Israel, acutely sensitive to the rising price of gasoline, is offering Israelis a one-time rebate for buying a litre of the fuel through a weekly distribution campaign that includes the country's first discount on gasoline below 8.3 cents per litre. The one-time, no-cost load of gasoline is part of a bid to attract first-time drivers who are signing up to new companies when they renew their licences, Israel's transport ministry said. Israel's reserves of oil and other fuels hit their lowest point in eight months in June, according to the Central Bureau of Statistics, and many Israelis are feeling the pinch. Gasoline prices, which were very high in the first half of 2014, have since fallen sharply due to the summer slump in global oil markets and a recent increase in supplies from Nigeria. The government has been campaigning to encourage Israelis to renew their driving licences instead of taking a year to renew. The ministry, without giving a precise figure, said the campaign has been very successful so far, with hundreds of thousands of Israelis signing up for their first gas tanks in recent months. "We've seen that the marketing campaign we launched this week is playing a key role in generating the desired interest in signing up for gas," Yair

## **Prison Tycoon 3™ : Lockdown With Registration Code Download (Final 2022)**

The third chapter of the Prison Tycoon series launches with a new theme: Lockdown. Play as a private prison owner with a prison that is slowly being taken over by notorious gang members. Equip your staff with guard dogs, weapons, and more to keep your inmates safe while you earn the reputation of the toughest owner in prison. As you upgrade to higher security facilities, you must fight the growing drug and gang activity while you increase the prison population. The warden will tell you there is a line that he has to enforce: you cannot let the population go over 50%, but you are allowed to keep it under 30%. This line can be crossed at your peril as you may lose everything you have built over a decade of prison ownership. As always, you have four objectives: build the most lucrative prison, manage security levels, maximize revenue, and establish a reputation as the toughest owner in prison. Like the previous Prison Tycoon games before it, Lockdown will launch on Steam for Windows PC in Summer 2016.

**Key Features of Prison Tycoon 3: Lockdown:**

This way, the player can unlock better or more items at every level without spending more time and effort to advance to a higher level.

**Unlockables** What is going on with the number of "Unlockables" in the main menu? Do you still have a total count for them, or do you just load one at a time on the main menu? More items on the Menu Do we see more categories on the main menu? While we do see one more category (FYI: More About this feature)...Do we see more information and additional screenshots for more types of items?
